

## About Bird Dog Cigar

As an avid cigar smoker, I became discouraged with the lack of quality and consistency of existing flavored cigars. Due to my dissatisfaction, I set out to bring a true premium flavored cigar to the public. After a two year process, we feel that we have developed the highest quality flavored cigar with the most consistent draw on the market. Bird Dog Cigar is honored to present its selection of 100% handmade long-filler cigars, manufactured with care and quality in the Dominican Republic.

Our cigars are made with a unique production process that allows us to check each and every cigar four times during different stages of production from the moment they are simple raw leaf tobacco, until they are placed in their beautiful cedar box. This way we can guarantee draw, smokeability, texture and purity. The result: Cigars with superior taste and aroma. We are confident that you will find our brand to have remarkable flavor and a memorable experience.

{styleboxop}Each Bird Dog Flavored Cigar begins with Dominican-blend long filler. The cigar is then hand-rolled in a flavor cured Sumatra leaf. So no matter which of our six flavors you choose, you will enjoy the quality that is put into every Bird Dog Cigar.{/styleboxop}
